

# THE KADER CONNECT

Week beginning: 24/01/22

Welcome to the Kader connect, Kader's weekly round up! Here we will be sharing insight into what is going on here at Kader across all year groups and celebrating our lovely children!

Thought for the weekend  
**THE FUTURE IS BRIGHT!**

Mr Lavenick's keep fit task..

Can you talk 7000 steps one day this weekend?  
Get those legs moving.

## A Poem to Ponder...

### Chinese New Year

Dragons, lions,  
Red and gold.  
In with the New Year,  
Out with the old.

Banners flying,  
Bands playing.  
Lions prancing,  
Dragons swaying.

Fireworks crackling,  
Lanterns swinging,  
People laughing,  
Dancing, singing.

## A message from Mrs Mitchinson

### Table manners

Please can all parents remind their children about the importance of table manners and how to behave at lunch time. This week our little Nursery and Reception children have been fantastic in the dining hall- I hope the rest of the school can follow suit next week!

## Nursery

What a lovely week we have had! The sun has been shining and the children are loving the outdoor area again. It is lovely to see the children making so much progress in every area.

## Reception

We loved trying all of the food this week from around the world. We talked about the importance of a varied diet and it was lovely to see the children trying new things!

## Year 3

We had some very special Ancient Greek visitors this week who took us back in time to Ancient Athens. We had a great time dressing up as the Hoplite and Persian warriors and used our Greek knowledge to re-enact the battle of Marathon. We also got to know the Greek Gods and dressed up to the nines! We even got to stage the very first Olympics! What a treat!

## Year 4

This week Year 4 started to learn about fractions. In our maths lessons we used a lot of 'hands on' equipment such as Numicon to allow the children to represent fractions in different ways. Fractions can be confusing but learning in a visual way certainly helps a lot!

## Year 2

In Year 2, we have been learning all about money. We have played coin hunt, money snap and even been to the (pretend) fruit shop to buy fruit with the right amount. We are looking forward to showing off our money knowledge when we go shopping at home!

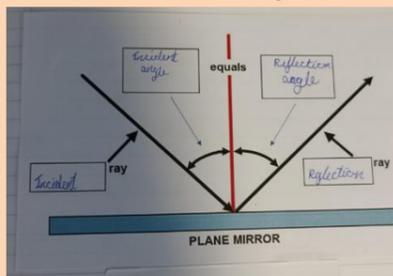

## Year 5

This week we have been writing a character description of Pestilence in English. We have been able to use our amazing vocabulary skills to include all of our wonderful sentence types. We have also been lucky enough to take part in a workshop led by the illustrator Axel Scheffler – we learnt how to create our own mini story books!

## Year 6

This week in year 6, as well as completing our assessments, we have been learning all about light in science. We have learned how light travels in straight lines, considered how we are able to see things and learned all about reflection of light.

## Mrs Donalds - What made me smile!

It is good to be back in school and working with our lovely children again. There have been some lovely activities going on in school that have really made me smile. The new knowledge that the children are remembering really does blow me away!
