

The Kader Connect

Week beginning: 04/04/22

Thought for the weekend:

Smile for Easter!

MR LAVERICK'S KEEP FIT TASK:

Can you walk 5 miles over Easter?

Nursery:

The boys and girls have been extremely busy taking part in lots of Easter activities, from cooking flapjack nests with Mrs Hedger to braving the elements and taking part in an Easter egg hunt

Rec:

The children have enjoyed pattern making this week. Creating repeating patterns and exploring colour using African print.

A message from Mrs Mitchinson:

Well what a term! I can honestly say we are so proud of all of the children and their wonderful determination and resilience. The children have all over come so much and their progress is amazing!

Year 4:

Some of us this week have been so busy learning how to swim this week! We will be swimming in no time. It's so fun to get fit whilst having fun too!

Year 1:

This week we completed art work in the style of Henri Matisse and we also created an animal enclosure for a zoo. Well done, Year one.

Year 5:

This week in Year 5, we have been looking at volume and capacity in our Maths lessons. We went outside and measured the capacity of different containers. We also used cubes to create different shapes and work out their volume. In our English lessons, we have been looking at Haikus. This is a form of Japanese poetry which traditionally had a natural theme. We have written our own Haikus with four verses, each about one of the four seasons! This week we have talked about destiny in RE and in computing, we have finished our work on vector drawings. The children worked so hard with this and have been able to use a variety of different tools on the laptops independently to create some amazing work! Have a wonderful, wonderful Easter and we are looking forward to seeing you all after your well-deserved break!

Year 2:

Exploring colour through paint. We have been busy artists this week in Year 2.

Year 6:

Well Year 6, what can we say? We are so incredibly proud of you and your efforts this term. Please be proud of how far you have come. You have overcome two lockdowns and so much missed learning and you continue to blow our socks off! Keep working hard. Next term is your last term in the Kader Family and we want to make it one to remember!

Mrs Donald - What made me smile!

I have loved looking at all of the fabulous work in school this half term. It is always lovely to reflect on a successful term and look at how much progress the children have made.

Year 3:

This week we have been so busy finishing off our fantastic rainforest survival guides in our English lessons. We can't wait to share our final pieces of work with you. We have had an active time in our maths lessons this week! We have been finding hidden addition and subtraction problems all over our playground and using chalk to work out the answers!
